PLATINUM

VMSC delivers round-the-clock Advanced Life Support emergency medical care and transportation to more than 150,000 residents over our 48+ mile coverage area.

Our ability to operate depends on being reimbursed for each emergency 911 call. When you consider all the training and equipment that goes into running a critical, life-saving service, emergency calls cost as high as \$2,500. Unfortunately, most insurance companies cover less than 50% of that expense; the rest is billed TO YOU, the patient.

Ambulance Subscription Benefits:

NO Copay or Deductible due for Ambulance Transport after billed insurance*
NO charge/Insurance Bill for Treatment without any Transport
Quarterly VMSC Newsletter

New this year:

FAMILY Coverage – Cover your entire family, including Parents, Spouse, Children, and Grandchildren for ONE LOW COST even if you don't live in the same household

Your Membership also protects you from ambulance bills if you are transported by Harleysville EMS, Souderton Community Ambulance, or Skippack EMS.

Business Subscription Benefits:

Protect Your Ownership and Employees from Excess Ambulance Expenses
Align your business as a supporter of VMSC
Put your name in front of VMSC supporters
Protect Your Staff with Safety Discussions and community CPR Classes at your business
